## **Taking Care with Photographs and Personal Information**

### ***Images and Photographs***

At Karilee we are aware of the concerns in our community about the misuse of photos of children, especially girls. We take great care to make sure that you are comfortable with the way we might use photos or videos of our girls on stage or at a theatre before or after performances. Photography is not allowed during performances unless by authorised photographers who take great care to protect the results of their work. In general, the main use we have for photos is in our team newsletters and in Karilee's newsletters. We also place good on-stage and posed images in the Gallery section on our website ([www.karilee.com.au](http://www.karilee.com.au)). Images are also used in our own marketing publications. The coaches and the teams will review their performances by analysing official videos taken at competitions. Copies of these are often provided to each team member.

Calisthenics ACT, and on very rare occasions, the Australian Calisthenic Federation, might wish to use images of Karilee teams and individuals, usually without naming the performers.

### ***Personal Information***

We are careful with your personal information, such as postal addresses, email addresses, dates of birth, etc. This information is only collected for the purposes of administrating our sport by Karilee, Calisthenics ACT and the Australian Calisthenic Federation, for example, in determining the correct age groups for participants, and for keeping you up-to-date with what's happening in Karilee and nationally.

### ***Release***

At Karilee, and through it Calisthenics ACT and the ACF, we ask that you consent to photographs and information being used as described above by signing this privacy release. If you have any concerns at all, or specific requirements in relation to such material, please email our President, Vice President or Secretary with your concerns.
